* This is the minimum START-UP supply list for every beginning percussionist at Nelson Middle School. Each subsequent year (7th, 8th, 9th, 10th, etc), students will make small additions to their personal inventory. This incremental process will ensure: A) the student has grade appropriate, high-quality percussion supplies and B) the financial burden is spread across several yearly installments.

all prices are estimates, extracted from www.lonestarpercussion.com and may vary from year to year
